

## Menifee Jobs Blueprint Plan Completed

The City of Menifee is excited to announce the official launch of the City's Jobs Blueprint Plan, positioning Menifee as the first city in Riverside County to complete this type of plan targeted job creation. The Menifee Jobs Blueprint Plan developed a "roadmap" that will assist in attracting additional high-skill, high-wage jobs, and provide additional amenities and cultivate industry talent pools.

These attraction efforts are imperative to close the workforce gap with targeted jobs in Menifee and the Southwest Riverside County region. The new plan assists Menifee with attraction needs and increasing targeted talent and skilled workforce for identified diverse high-wage and high-skill positions based on the city's Comprehensive Economic Development Strategy (CEDS), which aims to diversify Menifee's local economy. Overall, the new jobs plan focuses on short and long term goals, where pursued job creation would eventually increase the overall quality of life in Menifee by reducing commuter times; as well as providing additional and higher-end amenities for residents due to the higher incomes, demographics, and jobs created in the area.
